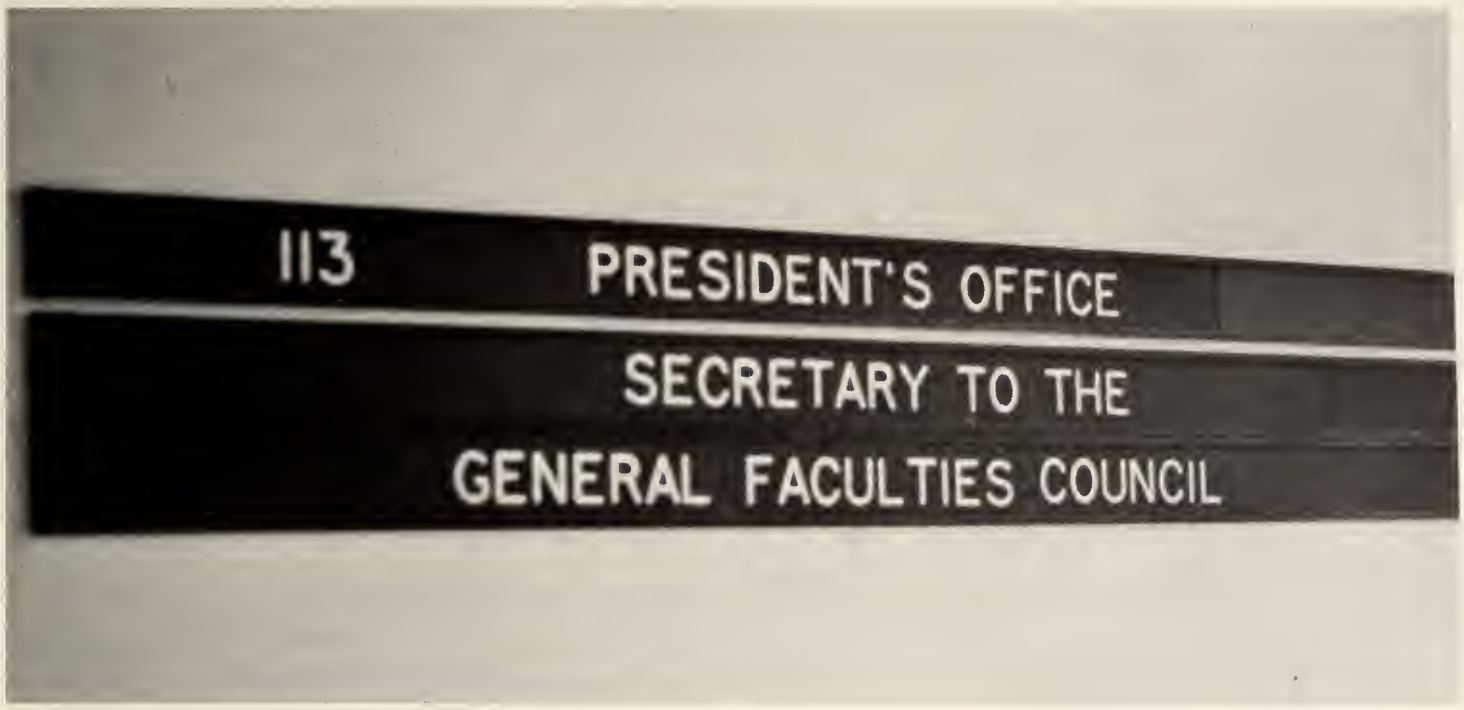
John Milton



113
PRESIDENT'S OFFICE
SECRETARY TO THE
GENERAL FACULTIES COUNCIL

BOARD OF GOVERNORS

FEE CLERK
CONTROLLER'S OFFIC
HOURS
9:00 - 12:00 1:30 - 4:00

I appreciate the invitation extended to me to submit a brief message for inclusion in this year's edition of the Tallystick. This publication always gives me much pleasure, portraying as it does in graphic form an overview of the year's events and the people who had a hand in making them noteworthy. One's undergraduate years slip by all too quickly -- in retrospect at any rate -- and I am sure the Tallystick will in years to come bring back happy memories of your university years and of friendships formed there.

A topic receiving much attention these days is Canadian unity, and I would like to take this opportunity to encourage graduates of The University of Calgary to play their part in examining the issues which will determine Canada's future and to enter into the debate on the future of our nation. The outcome of this and other important issues facing this country at the present time are of immense importance to us all, and I would hope that the knowledge you have acquired during your university years will equip you to appraise events objectively and deter you from accepting the opinions of others as your own. I hope you will get involved and not let yourselves be carried along by events as though you had no control over them; your voice needs to be heard by those making the decisions today as your generation must live with those decisions in the years to come.

My congratulations to those of you pictured among the graduates and commiserations to those who were disappointed. To those who leave I wish good luck and happiness, and to those who will be continuing their studies, welcome back.

W. A. Cochrane
President

One of the great privileges of serving as Chancellor of The University of Calgary is the opportunity, if only fleetingly, of meeting on Convocation Day many of you whose pictures appear in these pages.

As you crossed the stage, one by one at Convocation, that moment synthesized your years of effort and your successful achievement of a goal. You are the University's raison d'etre, the breath and pulse of the institution. Each of you has added a strength and a vital dimension to The University of Calgary and it is my hope that the reputation of your Alma Mater will continue to grow and be enhanced by your continuing personal and professional growth. We trust that your experience here has provided you with courage to meet the challenges that lie ahead. As you leaf these pages in years to come, may they elicit many happy memories of a meaningful chapter in your life.

Muriel Kovitz
Chancellor

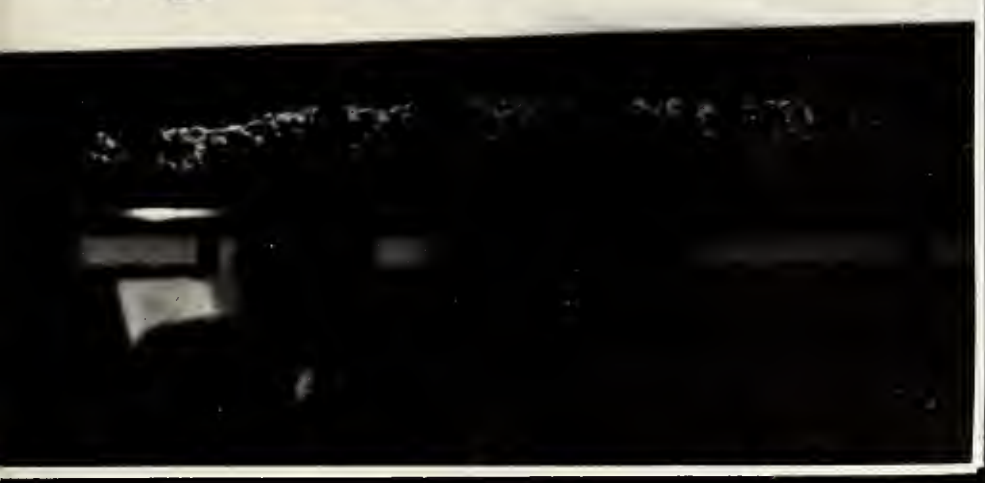
CALGARY

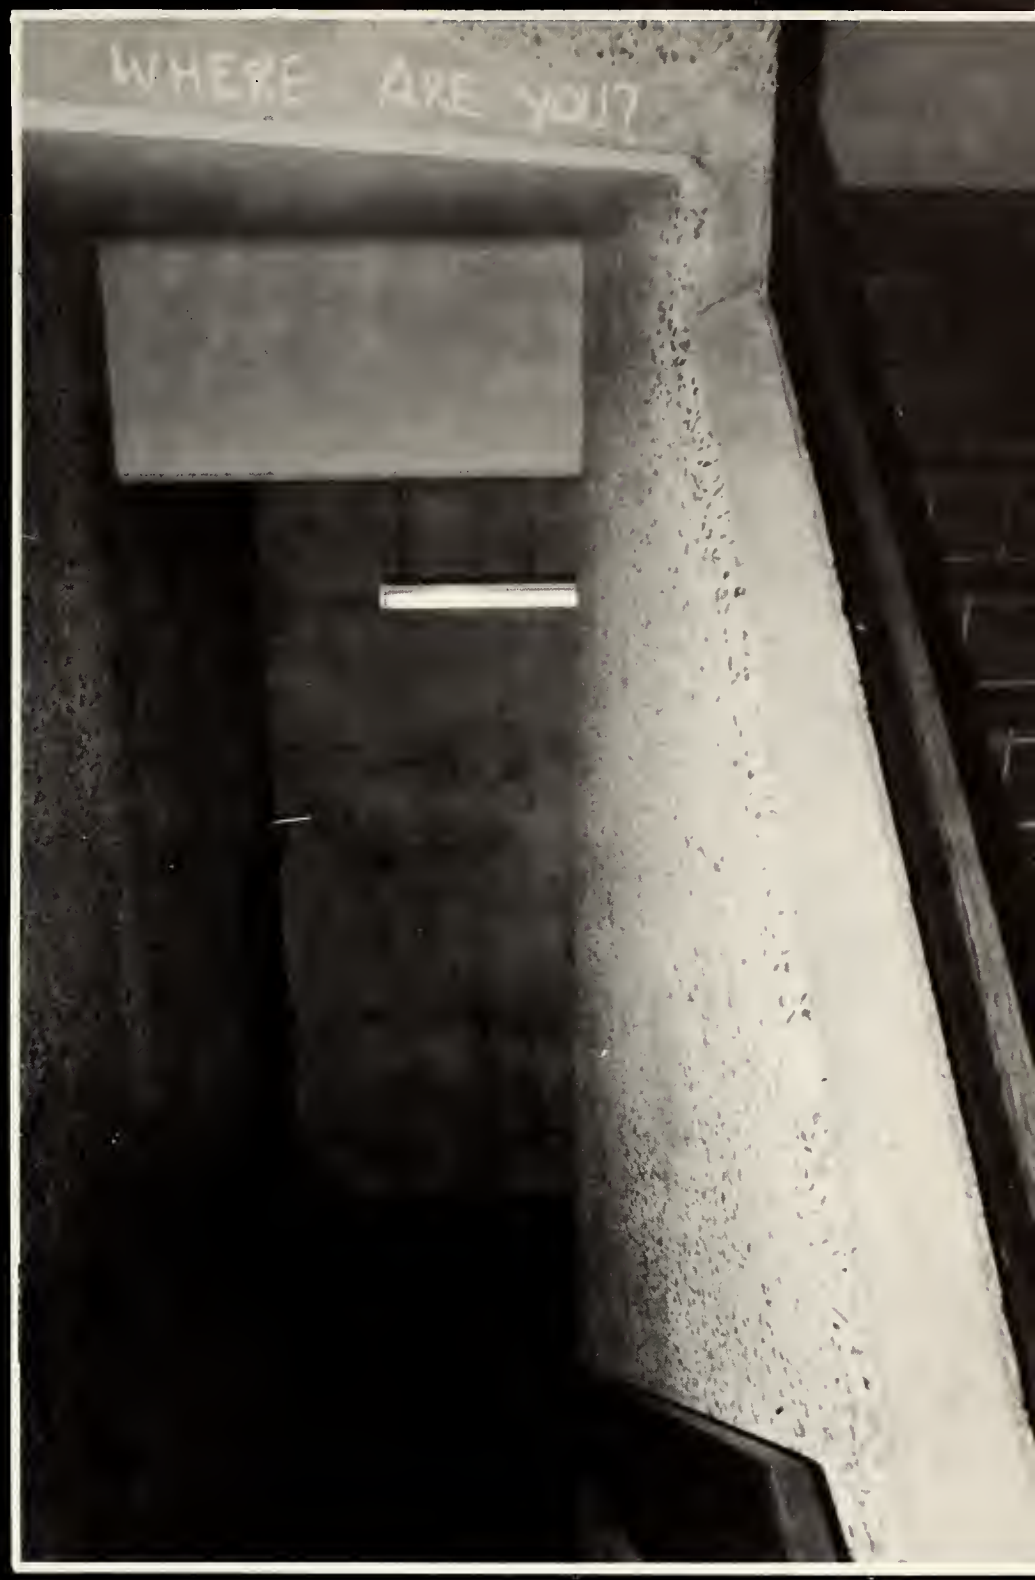
To Transcend

As every flower fades and as all youth
Departs, so life at every stage,
So every virtue, so our grasp of truth,
Blooms in its day and may not last forever.
Since life may summon us at every age
Be ready heart, for parting, new endeavor,
Be ready bravely and without remorse
To find new light that old ties cannot give.
In all beginnings dwells a magic force
For guiding us and helping us to live.

Serenely let us move to distant places
And let no sentiment of home detain us.
The Cosmic Spirit seeks not to restrain us
But lifts us stage by stage to wider spaces.
If we accept a home of our own making,
Familiar habit makes for indolence.
We must prepare for parting and leave-taking
Or else remain the slaves of permanence.

Even the hour of our death may send
Us speeding on to fresh and newer spaces.
And life may summon us to newer races.
So be of heart, bid farewell without end.





WHERE ARE YOU?

...AND THEN WHAT?

Adventurous. Imaginative. Resourceful. Conscientious.

The Calgary Police Service needs mature and decisive men and women with initiative and integrity who are willing to tackle difficult assignments. Candidates must have a strong sense of purpose and duty. And be ready to accept responsibility, cope with stress and handle conflict situations.

YOUR QUALIFICATIONS

To qualify you must be 19 years or older with a Grade 12 education (Alberta standard). Your weight and height must be proportionate. Glasses or contact lenses are accepted if you meet minimum visual requirements. You will have to pass a medical exam and be physically fit.

YOUR TRAINING AND SALARY

You will be trained for 32 weeks during which time you will receive the salary of a 1st year Constable, $1195.00.

To find out more about this rewarding and challenging career, contact Staff Development

The Spirit of Exploration

It's timeless. And kept alive by visionary individuals who attract a core of enterprising people. Over the last five decades, Hudson's Bay Oil and Gas has grown in its native Canada through aggressive exploration and development, technical research, building pipe line systems, designing and operating natural gas processing plants, prospecting for "hard rock" metallic minerals, and more recently through involvement in coal and petrochemicals. Now its borders have broadened to include significant international exploration and production.

HBOG has always grown with dynamic leadership. Because of the Company's diverse interests and steady growth, there is opportunity for advancement and personal expression. It's a good team to work with.

A major Canadian Oil and Gas Explorer and Producer with a firm commitment to the spirit of exploration, HBOG is striving harder than ever before . . . and succeeding.

When you top off your education with a degree, you don't start off at the bottom with us.

Your education deserves responsibility.

We can give it to you.

With your degree, you can start off as an Officer, a leader with responsibilities. We can help you add experience to your knowledge.

And if you have the drive, you can go as far as you want with us.

That's what your degree can do for you in the Canadian Forces. Working together we can put your education to good use.

• Salaries are very attractive • Raises and promotion opportunities come regularly • Four weeks paid vacation annually • Many benefits ranging from free medical and dental care to a handsome pension plan.

An Officer's job is a far better alternative to an office job. For interviews Phone or Visit Your

THE CANADIAN ARMED FORCES

work overseas ...join CUSO

There are now more than 700 CUSO workers overseas, but we need more. CUSO workers generally apply their skills in the fields of technology, education, health, agriculture or business. Although most positions involve teaching, a university degree or teachers certificate is not a prerequisite. Skills, however, must be certified.

WE NEED:

Tradespeople.	Registered Nurses.	English Teachers.
Engineers.	Physiotherapists.	Agriculturalists.
Businesspeople.	Math Teachers.	Foresters.
Physicians.	Physics Teachers.	Home Economists.

Two year contracts are standard. Salary generally equals a local worker's in a similar job. Couples and families are eligible, but families with pre-school children are easier to place. CUSO pays for life insurance, health and travel expenses and an allowance for re-settlement in Canada .

If you're looking for a company with some "get up and go" pack up your talent, your enthusiasm and your ideas and come along with us!

We're Northern Telecom, one of the world's major telecommunications equipment manufacturers. And Northern Telecom's a company that's going places in the world of technology.

We're in the business of designing and marketing telecommunications products ranging from telephones and telephone exchanges to satellite communication systems.

We're looking for all kinds of qualified graduates from engineering, business, commerce or other disciplines to help us make the coming years even more successful than the past ones. If you're bursting with ideas and have the talent, we have the creative environment to put them to work.

And the fact that we've got some of the best engineers and marketing people that this country can offer working for us right now says even more about Northern as a place to work.

Have a chat with your campus placement officer about us, or if you prefer contact us directly. Call or write:

Zeta Psi Fraternity is a private, men's undergraduate social club. It was founded at New York University in 1847, and now has 46 chapters at universities across the U.S. and Canada. The Chi Gamma Chapter, here at the University of Calgary, was founded in 1967 and was the first fraternity on campus. At the present time we are the only "Greek" organization, but we look forward to being joined by other international fraternities in the near future.

Fraternities had their origins as study clubs, and despite their development into today's large social and residential groups their emphasis is still strongly academic. Although renowned as party-throwers, there is a serious side to fraternity membership, for we strive to give our members experiences in leadership and management that will aid them in their future careers.

Dave Tinker suppervising on campus advertising.

Zetes from UCLA to NYU (including Calgary Zetes Jim Smith and Dave Tinker) gathered at University of Washington in August for the 130th International Convention of Zeta Psi.

The purchase of a large club house adjacent to the campus has kept the members busy with renovations this year, but in years to come it will serve not only as a social and residential centre, but as a focus for all our activities, including study, athletics and social service projects. Already we have hosted a leadership conference for the other Canadian Zeta Psi Chapters, social for campus groups and alumni, discussion groups and the orientation days for prospective U of A students. Our members are actively involved in campus organizations, radio and the Gauntlet.

Our influence on campus is presently subtle, but as our membership grows, it will become stronger. We will be adding to campus spirit not only by our activities as a group, but also by the experiences that each member takes into his activity outside of the Fraternity. Watch out, U of C!!

The Gauntlet

The U of C
Students'
semi-weekly

For most University of Calgary students The Gauntlet is a mystifying and often misunderstood student service that magically appears twice a week. Most students have never worked on a student paper, experienced the frustrations or enjoyed the rewards. Most U of C students have never even seen The Gauntlet offices. It is to these students this "extra" is directed.

Hopefully in the pages to follow, we can clear up any misunderstandings regarding Gauntlet policies, explain our views on various issues, outline actual production of the paper and introduce a few of the staff.

If you are at all interested in working for The Gauntlet or would just like to come up and talk to the staff, please feel free to do so. We are holding meetings for interested new staff on Wednesday and Friday of this week at 4:00 p.m. in room 310 MacEwan Hall.
